Human and child trafficking on the rise

Denver Colorado vice Lieutenant Aaron Sanchez says:
"Prostitutes are not friendly. It's not like you're talking to a child-abuse victim or a fifteen-year-old sex assault victim who wants to cry out and wants to explain what happened or is just scared. These girls just flat out say, 'Nope, that's NOT what's happening.' We have to help them realize they are victims."

REAL VICTIMS KNOW WHEN THEY ARE VICTIMS... NO ONE NEEDS TO "HELP THEM REALIZE IT..."

Is this what you think of when you hear about the millions of 'victims of human trafficking'?

Playboy Playmate Colleen Shannon Arrested for Human Trafficking

Former Playboy Playmate turned DJ, Colleen Shannon was arrested Thursday night after allegedly **trying to smuggle an unidentified man** into the United States through the Canadian border. The 34-year-old blonde bombshell was arrested by Customs and Border Protection and was taken into custody at Clinton County Jail in Upstate New York. She was booked for violating a statute prohibiting "bringing in and harboring aliens."

If this is an example of 'human trafficking' ...no wonder there are so many 'estimated' 'victims' but are those who are willingly brought across the border, really 'victims' of human trafficking or are they merely undocumented immigrants?

Here are some real victims who asked for help but did not get it:

In 2006, an estimated **673,000 (11.5 percent)** of nearly six million women attending American colleges were raped, and 12 percent of rapes of college women were reported to law enforcement.⁴

673,000 college students raped in 2006? And feminists and prostitution abolitionists are worried about adult prostitutes who do NOT ask for help and have NOT claimed to be raped?

Pentagon battling military rape "epidemic"

Magalie Laguerre-Wilkinson and Phil Hirschhorn

(CBS News) NEW YORK - Jennifer Norris has always described herself as a good soldier, a hard worker, and someone who stayed out of trouble.

At 24, the Bethel, Maine, native was looking for a bit more structure in her life while aiming for a graduate degree, so she went to her local military recruiting office and enlisted in the Air Force.

Her dream of serving her country was marred by countless incidents of sexual harassment, three attempted sexual assaults, and one rape.

from 1991 to 2013, there were **5,966,726** REPORTED violent rapes and sexual assaults- but only **632,795** arrests of alleged rapists, leaving **5,333,931** victims of rape without justice because there were not enough resources available to test the rape kits, or for the police to pursue and apprehend the alleged rapists, nor sufficient resources to prosecute them or to incarcerate them even if they had been convicted... but plenty of money to arrest consenting adult sex workers and their non violent, non abusive clients against whom there was NO criminal complaint other than the vice cops who often have sex with a suspected prostitute to make an arrest...

Where are your priorities? Clearly not with real victims...

How can you possibly support the arrest, prosecution and punishment of the non violent, non abusive clients of adult sex workers- who have NOT asked for help- when there are so many real, VIOLENT predators whose victims HAVE asked for help?
